

The Texas Rush is the only club that offers the highest level of competitive youth soccer for both boys and girls in the city of Houston (ECNL – Girls / USSDA – Boys) and is based in The Woodlands, TX - the fastest growing, #1 ranked master built community in the USA.

The Texas Rush Soccer Club is proud to provide a number of programs outside the normal realm of training, competition, and soccer related activities. One of these programs is the **College Advisory Program**, or C.A.P.

Texas Rush is renowned internationally and domestically pertaining to the development of both female and male soccer players and the educational guidance they provide their players in the college recruiting process. The individual support and consistent guidance we provide our student-athletes throughout this process is second to none. College recruitment and the entire eligibility process from grade 9-12 is becoming harder to navigate for any student-athlete and their family. Each student-athlete is completely unique and has a wide array of different goals and expectations. The Texas Rush staff recognizes these facts and can help provide a concrete roadmap, which has a well-balanced lifestyle of academics and soccer choices at the collegiate level (NCAA Division I, II, III / NAIA / NJCAA)

"Both the academics and athletics of Yale are of the standard that I was looking for in a school. To top it all off, the Men's Soccer coaches are superb and the campus is simply amazing to live at. All of the old architecture and large buildings completely contrast my lifestyle back in The Woodlands."

Philip Piper – Freshman Defender, Yale University

The Rush **College Advisory Program** (C.A.P.) was started in 2006 and the club is extremely proud that they have placed over 100+ student-athletes in collegiate soccer across the nation. The networking contacts that the current Rush staff extend to all geographic areas in the country throughout all levels of collegiate soccer. The reputation of Rush Soccer amongst the collegiate coaching staff is very well respected and trusted. We continually provide honest, open and realistic communication to the student-athlete and the college coach in terms of a player's ability level and character.

Rush coaches are well educated in the recruiting process including all NCAA / NAIA / NJCAA rules, regulations, and restrictions. Our staff continues to be committed to assisting all of our student- athletes in finding a pathway to college and furthering their academic and athletic dreams.

"The College Advisory Program at Texas Rush helped me understand what I needed to do in order to be seen and recognized by college coaches. It enabled me to be prepared for the processes of looking for a college and a collegiate soccer program to participate with. Texas Rush was very proactive in helping me to be heard and seen by college coaches. I am thankful to be where I am and Texas Rush played a huge part in my success."

Brianna Simmons, University of Mobile, NAIA.
